

WebshopWorks 3D Products Wall for PrestaShop

Version: 1.0

Installing the module

To install a new PrestaShop module:

1. Unzip the module archive file and, using your FTP software, place the folder in your PrestaShop /modules folder.
2. Go to Back Office >> Modules.
3. Locate the new module in the list at WebshopWorks Modules.
4. In the row for the new module, click **Install**.
5. Locate the module again. Refresh the page and click >> **Configure**.

Once configuration is complete, be sure to test the module immediately to confirm that it functions as planned.

Product Parameters
